Snow Days and Early Dismissal

We follow Medway Public School for SNOW DAY closings. Once I am notified that the school is CLOSED I will post on our Facebook Page. You can also find this information out on most news channels.

Early Dismissal:

Many factors go into us closing early and the main one is safety for travel for the children and the staff.

When Medway Public school closes their afternoon activities and their after school program due to weather then we make a decision what is best for the daycare. Many of our staff travel about 45 minutes to work each day, and we like to send that staff home as soon as possible in a snow storm or in icy weather.

I want to thank all the parents that came willingly the first time we closed by 4pm. Everyone was here well before that time which made it easy to send home all my staff before the weather got worse.
