## Staff Manager

We now have a new member to the Learning Tree staff, Jenn Fucci. She will be managing all the staff at the daycare and help bring on some strong staff. Her office is on the 3rd floor in the new part of the building. She comes to us with over 10 years experience in Early Intervention and several years before that in daycare/ preschool settings. If you have any questions or concerns for Jenn, please send her an email at [thelearningtree.jenn@gmail.com](mailto:thelearningtree.jenn@gmail.com).

*Weather is getting cooler*

Please make sure on the cooler mornings to leave a sweatshirt or light jacket for your child. It is still cool out when we go out on the playground in the morning. Please Label!

Don't forget to leave a change of clothes here for your child, messes and accidents do happen and we wouldn't want your child left without spare clothes.
